Employment History

Head of Customer Care at Paper.li, Switzerland (Remote)

November 2013 — October 2022

- Promoted to a leadership role overseeing all customer support operations and initiatives in recognition of exceptional performance and commitment to service excellence.
- Spearheaded the redesign and ongoing maintenance of the company's support website, ensuring an intuitive and user-friendly knowledge base for customers to access self-help resources.
- Personally resolved escalated, high-impact customer issues requiring advanced troubleshooting and diplomacy.

Web Developer at City of Baytown, Texas

September 2002 — October 2001

- Rapidly promoted from PC Technician to Web Developer role in recognition of technical aptitude and problem-solving abilities
- Solely spearheaded the redesign, development, and maintenance of the organization's primary website as the dedicated Web Developer - website earned the prestigious 3CMA Savvy Award in 2010 for outstanding user experience and visual design.
- Website redesign initiative resulted in cost savings of approximately \$50,000 by eliminating the need for outsourced web development services.
- Collaborated with cross-functional teams to continuously enhance the website's features, performance, and security in alignment with evolving business requirements.
